We do expect patients to be interactive and responsible for communicating with your insurance carrier on any open claims.

It is your responsibility to provide all necessary insurance eligibility, identification, authorization and referral information and to notify our office of any information change when they occur. Even a preauthorization of services does not guarantee payment from your insurance carrier. We also require photo identification when accepting insurance information. It is the patient's responsibility to know if our office is participating or non-participating with their insurance plan. Failure to provide all information may necessitate patient payment for all charges. When insurance is involved, we are contractually obligated to collect co-payment, co-insurance, and deductibles, as outlined by your insurance carrier.

Please be aware that out-of-network insurance carries often prohibit assignment of benefits and may try to limit their financial liability with arbitrary limits, exclusions, or reductions such as reasonable and customary
